Only radical reforms can stop Russian economic stagnation ...

Since then, the Russian state—really Putin’s presidential administration—has acquired the lion’s share of Russia’s economic base, upwards of 55 percent directly and indirectly by most counts. 20 Along the way, Putin has failed to move the Russian economy away from its dependency on rents from natural resources, in particular the fuels sector. 21 The result: While low oil prices can ...

What Russia Will Be - The American Interest

The first is to arrive at a realistic understanding of what it can do, either in the direction of providing the assistance that would allow the Russian economy to do better, or — more topically at the moment — in the direction of restricting economic performance and thereby Russia’s capacity to meet its great power ambitions.

Can Russia afford to be a great power? | Lowy Institute

When economic reforms first began in China and Russia, regime stability, when classified as a product of political legitimacy, has, overall, seen only marginal change. Though they are now classified as illiberal democracies, and have opened up economically?China more so than Russia ? socially, they have not changed drastically from their original totalitarian regimes.

Economic reform in China and Russia: A Comparison

For Soviet historians, the reform era is a watershed marking the transition from feudalism to capitalism. For many non-Soviet historians, the reform era ushered in the transition from traditional to modern society.” Peter Gatrell. 1. The 1800s was a century of reform and reaction in Russia.

...

Initially, Russia's tsar, Ivan the Great, had seen Russia's low literacy level and poor economic system dependent on peasant labor and began the revival of his mother country through expansion and reform. Unlike Western empires, Russia's expansion had limited commercial expansion, though it did establish territorial and trading policies ...

Development of Economy and Politics in Western Europe and ...

Russian economic reformers of the early 1990s believed that integration with the global economy would facilitate the construction of a market economy and the reconstruction of the Russian state by helping to break down economic interests inherited from the USSR. However, the global economy did not act as an agent of transformation in Russia.

The global economy, reform and crisis in Russia: Review of ...

Economic reform in Russia has been described as 'shock therapy' because rapid industrial privatization, price liberalization and democratic reforms of the political system were introduced simultaneously. However, shock therapy led to insider control of most manufacturing firms, with important consequences for foreign investment.
