In Traditional Chinese Medicine (TCM), the concept of Yin and Yang serves as the foundation for understanding health, as well as diagnosing and treating illnesses. Yin-yang is first referenced in the I Ching (Book of Changes), which was written around 700BC. According to it, all phenomena is composed of two opposite, but mutually interconnected forces, known as yin and yang.

I Ching, also Yi Jing or The Book of Changes, is thought to be the oldest and most abstruse classic in Chinese history. Reputedly, it originated with Fu Xi, who is a mythical sovereign being the first of the three primogenitors of Chinese civilization. It is also called Zhou Yi reputedly because it is not until the Western Zhou Dynasty that the whole context of I Ching was understood.

Acupuncture is a form of alternative medicine. It is used most commonly for pain relief, though it is also used to treat a wide range of conditions. Acupuncture is generally only used in combination with other forms of treatment. For example, the American Society of Anesthesiologists states it may be considered in the treatment for nonspecific, noninflammatory low back pain only in conjunction ...

The concepts of yin and yang have been around since at least the 1300s BCE, when they were found referenced in inscriptions related to Chinese divination of the weather. One of the first mentions of yin-yang for the concept of cosmic harmony comes from a verse in the Shih Ching, a 6th-century BCE collection of poems compiled by Confucius. Sometime between roughly 700-400 BCE, Y in-yang was ...

This is a rune of harmonious unexpected success. It is a balance between light and darkness; as night gives way to dawn, this gives way to day and so on. It is a beacon of light bringing forth clarity, success and abundance in life. The time is right to embark upon a new project, but be cautious in the journey forward.

**The Meaning of Each of the Rune Stone Symbols**

About a century after the discovery of medicine, acupuncture was invented in China. Acupuncture is a treatment, which doesn't involve any drugs. Needles are put in certain parts of the person's body. The Chinese believed that if you put the needles in those specific spots, Yin and Yang would be balanced.
