Noa steimatsky face film oxford university press. The human face was said to have been rediscovered with the advent of motion pictures, in which it was often viewed as expressive locus, as figure, and even as 'essence' of the cinema.

steimatsky face film motion pictures oxford book

In early 1990s Italy, the retreat of the Left and mounting popular cynicism toward politics allowed a new radical right to begin building its hegemony. For all its idiosyncrasies, the Italy of those years looks increasingly like a mirror of our own future — a country where fascist talking points became normalized and even mild reformism was decreed illegitimate.
