Nudge: Improving Decisions about Health, Wealth, and Happiness is a book written by University of Chicago economist Richard H. Thaler and Harvard Law School Professor Cass R. Sunstein, first published in 2008. The book draws on research in psychology and behavioral economics to defend libertarian paternalism and active engineering of choice architecture. The book received largely positive reviews. The Guardian described it as "never intimidating, always amusing and elucidating: a jolly economic

Nudge (book) - Wikipedia

From Cass R. Sunstein and Richard H. Thaler, winner of the 2017 Nobel Prize in Economics, Nudge is the book that has changed the way we think about decision-making. Nudge is about choices - how we make them and how we can make better ones. Every day we make decisions: about the things that we buy or the meals we eat; about the investments we make or our children's health and education; even the causes that we champion or the planet itself.
