This model has a 3200 mah battery, enough for up to 5 hours of autonomous work. And recharging is easy via an AC power source with about 2-3 hours needed for a full recharge. If you see the battery running out and still have quite a bit of the movie to watch, you can juice up this handheld TV using a 12V car adaptor.

Pros: Refurbished, this TV is a great value. It has reasonable resolution for its size (~SVGA), isn't overly bulky or heavy, and seems well built. Cons: The refurbished model came without an RCA adaptor cable that is listed in the product description. It converts standard RCA composite video and audio into a 3.5mm TRRS plug.
