Trading Places (1983) - Plot Summary - IMDb

Trade involves the transfer of goods or services from one person or entity to another, often in exchange for money. Economists refer to a system or network that allows trade as a market. An early form of trade, barter, saw the direct exchange of goods and services for other goods and services. Barter involves trading things without the use of money. When either bartering party started to involve precious metals, these gained symbolic as well as practical importance. Modern traders generally nego

The New Trading For A Living Summary - Four Minute Books

Trading to win calls for setting goals, developing strategies, and abandoning patterns of thinking and behavior that hurt your performance. It involves trusting "a higher power" while detaching yourself from the desire for achievement and the thought of profit. Being attached to the goal of financial gain hurts your investing performance.
