While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

### **The Ballet Book**

The Ballet Book beautifully illustrates the world of ballet with captivating notes on classical techniques, the evolution of the dance form, the world's greatest dancers, and a fascinating look on what goes on behind the scene.

### **The Ballet Book: BUSSELL, DARCEY: 9780756619336: Amazon ...**

Nancy Ellison always captures the dancers beautifully, be it in still or movements. Though her best portraits of ABT dancers was the ABT book published in 1995. (very hard to get now). This book can be a nice reference to have autographs from you favorite dances because there are hundreds of excellent photos of all the current principles, soloists and corpses. The only drawback is that they have a very poorly presented Susan Jaffe farewell on a double page.
