Mark A. Pollack. *The Engines of European Integration. Delegation, Agency, and Agenda Setting in the EU.* Mark A. Pollack. Description. The European Union is composed of its fifteen member governments, yet these governments have chosen repeatedly to delegate executive, judicial and legislative powers and substantial discretion to supranational institutions such as the Commission, the Court of Justice, and the European Parliament.

### The Engines of European Integration - Mark A. Pollack ...

The second part of the book focuses on the role of supranational agents in both the liberalization and re-regulation of the European market, and suggests that the Commission, Court and Parliament have played a causally important role alongside member governments as the 'engines of integration', but that their ability to do so has varied historically and across issue-areas as a function of the discretion delegated to them by the member governments.

and language of political science, specifically the models developed by the "rational choice" school.

### **The Engines of European Integration: Delegation, Agency ...**

The supranational organizations of the European Community--the Commission, the Court of Justice, and the European Parliament--are often depicted as the engines of the integration process, nudging the member states toward ever-deeper integration.

### **"The engines of integration? Supranational autonomy and ...**

One of the most influential theories of European integration is neofunctionalism, developed by Ernst B. Haas (1958) and further investigated by Leon Lindberg (1963). This theory focuses on spillovers of integration, which leads to more integration.

### **European integration - Wikipedia**

The perception that the Commission is a driving force of European integration might therefore be due to a selection bias in empirical studies. The results of the empirical analysis of the Commission's legislative agenda-setting activity between 1979 and 2007 are consistent with the implications of this view.

### **The Engine of European Integration 080402**

This chapter explores the autonomy and the influence of the EC's supranational organizations and the extent to which they can act as engines of the integration process, focusing in particular on the executive activities of the European Commission.
