Ceiling Author: Julie  
Glass How would you  
describe the plot? This  
book is about a guy  
named Rene Decartes,  
who was a philosopher  
and he investigates if a  
fly can land in the  
same spot twice. How  
would you describe the  
characters? Rene  
seems very intelligent.  
He really thinks out his  
processes before  
acting upon them.

René Descartes and the Fly on the Ceiling  
The coordinate system we commonly use is called the Cartesian system, after the French mathematician René Descartes (1596-1650), who developed it in the 17th century. Legend has it that Descartes, who liked to stay in bed until late, was watching a fly on the
