OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

The King Patrick Bowers Files

This is the 5th (6th?) book in the Bowers files. It's a stand alone, but I recommend reading them all, starting with the Pawn and working your way up the chess board. It's the story of a homicide detective turned FBI agent, his daughter (who has gone from stepdaughter to the light of his life), his lovely FBI agent fiancée, and the really really bad guy who is out to make their lives a living hell.

Amazon.com: The King (The Bowers Files) (9780451239785 ...

The King is the fifth installment in The Bowers Files series, and while some series lose a reader's interest the longer they go, Steven James manages to keep his readers thrilled, shocked, and on the edge of their seats book after book. This edgy Christian thriller is full of action, suspense, and a deep look into the criminal mind.

The King (Patrick Bowers Files, #6) by Steven James

I've been a fan of all the Patrick Bowers books and The King is no exception. Steven James has created another thriller that is sure to keep you up at night. The King starts off with a bang and then to my surprise slows down to more of a family drama until around the 50% mark, then the book takes off like a bullet.
