In The Political Economy of Dictatorship, Ronald Wintrobe uses rational choice theory to model dictatorships: their strategies for accumulating power, the constraints on their behavior, and why they are often more popular than is commonly accepted.

The Political Economy of Dictatorship - Cambridge Core

Every economy is a political economy and the enormous success of the U.S. economy has been as dependent on our political system as on our economic system. Indeed, many of the problems that currently plague the U.S. economy are the result of our failure to hold on to the political wisdom that guided our Founding Fathers.
