...

Part definition is - one of the often indefinite or unequal subdivisions into which something is or is regarded as divided and which together constitute the whole. How to use part in a sentence. Synonym Discussion of part.

## **Part | Definition of Part by Merriam-Webster**

These two parts work together to keep your dryer door closed. This kit includes two strikes, three catches, and a set of instructions. Each of the door catches included have a different tension. Make sure you use the one that matches the existing catch on your appliance. All three of these are color-coded, and have a number on the back.
